Getting Around

By Mac Brown

The newspapers recently printed pictures of this rocketing themselves during the New York tug boat strike, and stories praising the skinner of a French ship. After other vessels had smashed a couple of men trying to pull in without the help of tugs, this Frenchman, named everyone by his name, was in the water in a matter of minutes. He was a pilot of a fast plane brought his craft in for a slick landing under trying conditions. Everybody who understands the difficulties of a jet, gets real satisfaction out of seeing an expert do it right.

As I drive along the highways of Alabama, every once in a while I see somebody driving another truck or a car, and I think to myself, "Now there's an expert." Lots of people recognize that there is an expert driver for some kind of work, but never realize that anybody can be an expert driver, or a sorry one. I think that long-hoped-for day of greater safety on the highways is near when people start taking pride in being expert drivers rather than hot-heads. I know that most truck drivers are trying to build good reputations for themselves. As for myself, I've got seven years behind me without an accident. I hope to make it fifty years, and never had a bump. In Alabama you have been at it fifty years, and never had a bump.

Vocal solos were given by Donnie Morrow, Fraser Ringsdorf, Dot Bowers, and Little Martha Jo Bowers who was accompanied by her sister, Merita Bowers.

Piano solos were given by Jane Rowe, Lavette Perkins and Jimmy Paterson.

Other performers were Jimmy Young, cornet solo; dance skit by Judith Buckner, Elaine Kates, and Janet Warr; piano duet by Jane Rowe and James Paterson; vocal trio by the Dismukes sisters, Totsy, Louie, and Gwynn and Tulsa, accompanied by Geraldine Crook; guitar duet by Charles Heins and Charles Goodson imitating the Grand Ole Opra's Long and Oscar. Cast of a one-act play, "Like Father, Like Son," was Jeanne Hudson, Clinton Carter, Emma Jean Fuller, Totsy Dismukes, Paul Miles and Bert English.

Advise Buying Chicks
Close to Home

AUBURN, Ala., Feb. 18—Extension poultry specialist John Weeks says baby chicks should be purchased as close as possible to the farm.

This will give the birds a quick start and there will be less chance of disease, chilling or injury, he said.

Our chicks are from the best stock and are well-kept from the time they leave the hatchery until you pick them up from us. Get a good start with good chicks purchased at our store.

You don't need elaborate equipment or housing to get these early chicks started. The new infra-red heat lamp does the trick—right on the floor. With this method you can start chicks that will be producing when egg prices are highest early next fall.

Every month you start chicks after January 1st and before April 1st should make them worth \$20 a hundred more as layers next fall!
